Aesthetic Medical International Announces Restructuring Plans to Optimize Business Operations

Shenzhen, China, September 30, 2021 (GLOBE NEWSWIRE) -- Aesthetic Medical International Holdings Group Limited (Nasdaq: AIH) (the “Company” or “AIH”), a leading provider of aesthetic medical services in China, today announced a preliminary plan for business strategies and restructuring. In light of the time and efforts needed to assess the impact of such plan on its financial results, the Company currently anticipates that the release of its unaudited financial results for the three months and six months ended June 30, 2021 will be delayed.

As a pioneer in the aesthetic medical service industry in China, the Company is committed to facilitating the orderly development of the market in a compliant manner. The Company intends to strategically shift its development strategy from rapid national expansion to a more focused, stable and sustainable growth in terms of revenue and profitability.

As such, the Company is contemplating a strategic restructuring, aiming to maximize its resources with various new strategies, including, among others, the following:

- 1) *More focused market delineation* - to focus on core regional markets, i.e., the Guangdong-Hong Kong-Macao Greater Bay Area and the Yangtze Delta Area;
- 2) *Steadier development* - to take a prudent approach in acquisition and enhance organic growth through the renovation of existing flagship hospitals and the investment in synergistic clinics; and
- 3) *Healthier portfolio* - to divest certain hospitals and clinics which either are located in non-core markets or did not reach the Company’s internal performance requirements.

The Company expects that the restructuring plan under contemplation is an essential move to solidify its leading position and competitiveness in the market, with improvement to its overall operational efficiency. The Company believes that the plan will allow it to enhance its profitability and has a healthier balance sheet in the long run.
